Why Choose this Training Course?

The course will help you understand and utilize several management methods, processes, procedures and practices on several key management techniques. The principles used are easily adapted to an organization's or individual's work assignments. This course presents a methodology of common, standard management techniques using a simple theoretical foundation. Learning is enhanced with practical activities that help develop knowledge and skills.

Businesses and organizations need to find more productive methods of planning, more appropriate goals and effective means of making decisions. This course focuses on using productive practices allowing for effective and efficient management of work and making changes and continuous improvements in the organization.

This course will feature:

- Techniques for creating effective work plans for individuals and teams
- Time Management principles and practices to plan, establish priorities, set and maintain goals
- Essential communication skills to empower improved performance
- Interpersonal and emotional intelligence to create better team work
- Logical and intuitive decision making and problem solving techniques

What are the Goals?

By the end of this course, participants will be able to:

- Understand and develop skills necessary to set goals and complete work on time
- Use basic planning process tools to plan work strategy
- Utilize a variety of methods to improve decision making and problem solving
- Understand how to delegate effectively to achieve goals and build your team
- Develop positive interpersonal techniques for better team relationships

Who is this Training Course for?

The course is designed for anyone who desires to learn practical management techniques that will assist them in making good decisions, setting personal and team goals and develop personal and team plans.

This course is suitable to a wide range of professionals but will greatly benefit:

- Those who need to become more effective in time management and planning
- Team Leaders and Supervisors
- Line and functional Managers
- Managers of all levels

How will this Training Course be Presented?

This course will utilise a variety of proven adult learning techniques to ensure maximum understanding, comprehension and retention of the information presented. This course is an interactive mixture of lecture, discussion, activities and practice on several management skills. It provides definitions, examples, discussion and activities designed to promote skill building with interaction and discussion among participants.
