

Effective Contractor Management in Maintenance & Technical Projects

| Date | | (\$) Fees | |
|-----------------------|--------|-----------|------------------------------|
| 20 July -24 July 2025 | SALALA | 3200 | Register Now |

Why Choose this Training Course?

This highly interactive training course will ensure that delegates understand how contractor management will fit in the Asset Management context - how to select the right contractor and contract type which suits your sourcing strategy and how to manage and monitor the results. Further, topics such as risk management, safety-health-environment aspects, partnerships, negotiating, people management (winning the hearts of the people) and applying contracts in a complex project environment (Turnkey contracts, Public Private Partnerships PPP) will be considered.

Delegates will have the opportunity to discuss the existing contracts used in the organization. Through a combination of formal lectures and group work, delegates will leave the course with the tools to make contracts and contract management highly effective.

This course will highlight the skills and knowledge areas of Effective Contractor Management in Maintenance & Technical Projects, such as:

- Sourcing strategy within Asset Management
- Contract types incl. Service Level Agreements (SLA's) and Design & Construct (D&C)
- Selecting the best contractor – procurement aspects
- Risk management & SHE
- Monitoring & managing performance with Key Performance Indicators (KPI's)
- Negotiating the contract
- Contractor management in a project environment – Turnkey, PPP contracts
- Managing the behaviour of people to get sustainable results
- Continuous improvement aspects

What are the Goals?

At the end of this course, you are able to:

- Explain the basic elements of effective contractor management and its position within asset management
- Evaluate bids and proposals and choose the right contractor
- Identify, evaluate and manage the risks involved (SHE, performance)
- Manage & monitor the contractor performance in an innovative way
- Develop and negotiate contracts

Who is this Training Course for?

This course is suitable to a wide range of professionals involved in the area of contractor management, but will greatly benefit:

- Operations & Maintenance professionals
- Reliability, Asset & Plant professionals
- All professionals involved in contractor management
- All professionals negotiating, managing and verifying contracts in maintenance & technical projects
